VVNT SEQUOR LLP · AI ENGINEERING

Agentic AI *& GenAI Solution Development*

From proof-of-concept to production-grade AI — automating processes and accelerating decisions.

AI Agents & Multi-Agent Systems | RAG & LLM Integration | Production-Grade Delivery

VVNT SEQUOR LLP designs, builds, integrates and operationalises AI-powered solutions using Large Language Models, AI agents, multi-agent systems, retrieval-augmented generation (RAG) and intelligent workflow automation — helping organizations automate business processes, improve decision-making, enhance productivity and accelerate digital transformation.

TECHNOLOGY COVERAGE

01	02	03	04	05
GPT · Gemini	Claude · Llama	LangChain · LangGraph	CrewAI · AutoGen	Vector DBs & RAG

BUILT WITH

Responsible AI by Design

Reusable components, security-by-design practices and scalable architectures — accelerating enterprise AI adoption and business value.

Our Services Include

- Agentic AI Solution Development
- Generative AI Application Development
- AI Copilot Development
- Enterprise AI Automation Solutions
- Multi-Agent System Development
- RAG Application Development
- AI Chatbot & Virtual Assistant Development
- LLM Integration & Customization
- AI Workflow Automation
- AI Strategy & Implementation Support

Solution Capabilities

- Business Process Automation
- Knowledge Management Assistants
- Customer Support AI Agents
- Employee Productivity Assistants
- Intelligent Search & Knowledge Retrieval
- Multi-Agent Orchestration
- Workflow & Decision Automation
- Custom AI Integrations
- AI Governance & Security Integration

Key Deliverables

- AI Strategy & Solution Blueprint
- Agent Architecture Design
- Production-Ready AI Solutions
- Reusable AI Components & APIs
- Integration Frameworks
- Deployment & Adoption Roadmap
- Governance Recommendations
- Technical Documentation

Industries Served

- BFSI & FinTech
- Healthcare & HealthTech
- SaaS & Technology Companies
- Manufacturing Organizations
- Logistics & Supply Chain
- Retail & E-Commerce
- Professional Services Firms
- Enterprise Digital Transformation

Why *VVNT SEQUOR*

Expertise across AI Engineering, Enterprise Architecture, Cybersecurity, Digital Assurance, Governance and Responsible AI — secure, scalable, business-aligned AI that goes beyond proof-of-concepts to production with measurable outcomes.

Beyond PoC to production | Secure by design | Measurable outcomes | Responsible AI

RELATED SERVICES AI Testing, Evaluation & Responsible AI Assurance · LLM Evaluation, AI Assurance & Model Validation · Enterprise Architecture & Digital Transformation Advisory · Cybersecurity Assessment, Assurance & Resilience · Engineering Metrics Workbench™ – Performance Analytics & KPI Intelligence

Model and framework names are trademarks of their respective owners.

From pilot to *production AI.*
