VVNT SEQUOR LLP · DIGITAL ASSURANCE

Test Automation *& Continuous Quality Engineering*

Ship faster without trading off quality, reliability, security or compliance.

Agile · DevOps · CI/CD | AI-Assisted Test Design | Automated Quality Gates

Powered by VVnT Converge™, VVNT SEQUOR LLP enables continuous testing across web and mobile applications, APIs, enterprise systems, AI solutions and digital platforms — improving test coverage, reducing release risk, detecting defects earlier and establishing scalable quality practices aligned with Agile, DevOps and CI/CD delivery models.

CONTINUOUS QUALITY ENGINEERING

01	02	03	04	05
Shift-Left Testing	**CI/CD & Quality Gates**	**Reusable Test Assets**	**Risk-Based Testing**	**Metrics & Continuous Improvement**

DELIVERED WITH

VVnT Converge™

Our proprietary Digital Quality Assurance platform powering continuous testing, automation, defect tracking, quality metrics and reporting across the delivery lifecycle.

Our Services Include

- Test Automation Strategy & Implementation
- Functional Test Automation
- API Testing & Automation
- Mobile Application Test Automation
- Regression Testing Automation
- Continuous Testing & CI/CD Integration
- Performance Testing
- Accessibility & Usability Testing
- AI-Assisted Test Design & Execution
- Quality Engineering Consulting

Testing Coverage

- Web, Mobile & Enterprise Applications
- APIs & Microservices
- Automated Regression Testing
- Cross-Browser & Cross-Platform Testing
- Test Data Management
- Defect Detection & Traceability
- Performance & Reliability Validation
- Accessibility & Inclusive Experience
- Release Readiness Assessments
- End-to-End Quality Assurance

Key Deliverables

- Test Automation Framework
- Automated Test Suites
- Test Strategy & Execution Reports
- Defect & Quality Dashboards
- Coverage & Traceability Reports
- Performance Assessment Reports
- Release Readiness Reports
- Quality Improvement Roadmap

Industries Served

- SaaS & Technology Companies
- BFSI & FinTech
- Healthcare & HealthTech
- Retail & E-Commerce
- Logistics & Supply Chain
- Manufacturing Organizations
- Government & Public Sector
- Enterprise Digital Transformation

Why *VVNT SEQUOR*

Expertise across Quality Engineering, Test Automation, Digital Assurance, Accessibility, Cybersecurity and AI Assurance — testing programmes that scale with release velocity, improve product quality and reduce operational risk.

Faster releases | Earlier defect detection | Scales with velocity | Lower release risk

RELATED SERVICES Software Testing, Quality Engineering & Digital Assurance · AI Testing, Evaluation & Responsible AI Assurance · WCAG Accessibility Audit & Compliance · Cybersecurity Assessment, Assurance & Resilience · Engineering Metrics Workbench™ – Performance Analytics & KPI Intelligence

Release faster,
break nothing.
